MASTERTRON^zC

Armed with nothing more than a sword, you must face the ordeals and rise to the challenges posed by the various creatures which cross your path. Using either the joystick or the keyboard you control the hero's manoeuvres in opposing his adversaries.

Playing the game

As you encounter an enemy on your journey towards the temple, you must engage it in battle and overcome it if you are to get any further! Move from left to right to progress with your journey. Vases should be broken (where you deem it wise) using a low strike. There are seven different moves which you can make which can be controlled using joystick or the keyboard.
