

IMPORTANT INFORMATION

For Amstrad disk versions of 'Office Mate' and 'Office Master', the loading instructions are as follows :-

Insert the disk in the drive, and type RUN"Office" from the basic prompt. The main menu will then be screened.

For cassette versions, the individual programs must be loaded from the basic prompt e.g.:-

Database	- RUN"DATABASE"
Graph Plot	- RUN"PLOT"
Report Generator	- RUN"REPGEN"
Home Accts (Prog 1)	- RUN"HA1"
Home Accts (Prog 2)	- RUN"HA2"
Cash Book	- RUN"CASHBOOK"
VAT File	- RUN"VAT"
Final Accounts	- RUN"ACCOUNTS"

ERRATA

Please note that the load address for users' alternative screen dump routine for 'Graph Plot' has been changed to decimal 48690, NOT 46090 as stated on the last page of the 'Office Mate' manual.
