### Adventure Quest

Adventure Quest. Hundreds of years have passed since the time of Colossal Adventure and evil forces are invading the land. One hope remains: you must discover the Old Roads to the Dark Tower, fortress of the Demon Lord. Only there can you defeat him.

The way is long and dangerous, through 9 different regions of forest, desert, mountain, water, fire etc., but with cunning you can make it to the final confrontation with AGALIAREPT.

"This has always been one of the best adventures for me as it seems to contain the lot. In all it took me about 8 months to solve." - Popular Computing Weekly

"A brilliant adventure that confirms Level 9's place as the ultimate adventure software house" - Computing with the Amstrad

Cass. £9.95 (Disks-BBC 8271 dts/CBM64 £11.95)

### Dungeon Adventure

Dungeon Adventure completes our Middle Earth trilogy. The Demon has been defeated and his Dark Tower cast down. But its dungeons remain, filled with hoarded treasure and magic.

There are just two snags. Other creatures want the loot, as well, and many guardians remain: skeletons, carnivorous jellies, black balls etc. Even an orc or two. Success will not come easily!

"(10/10): '\*\*\*£!!!' (We think he liked it!)" - Popular Computing Weekly

"Once again Level 9 has created a wonderful adventure sparking off your imagination and transporting you into a world where electricity bills and mortgages have no place." - MSX Computing

Cass. £9.95 (Disks-BBC 8271 dts/CBM64 £11.95)

### Lords of Time

Lords of Time. A band of evil timelords are plotting to alter world history, and Father Time has chosen you to help stop them. This requires 9 symbolic objects from critical times in history.

Chill to the Ice-age, find the first hard disc, get lost in the dark ages and find what the future may have in store. My favorite thing is the woolly jumper (you'll know it when you see it!)

"Level 9 - arguably the producers of the best adventure games in the UK - has done it again. Lords of Time is a sparkling addition to its stable of winners, with more than 200 beautifully described locations and a repertoire of witty responses to even the dumbest instruction." - Acorn User

Cass. £9.95 (Disks-BBC 8271 dts/CBM64 £11.95)

I learned today that I am to be the subject of a computer game. The object of the game is to make me popular with everyone, which sounds dead brilliant. Apparently they've written an enormous programme containing 200 kilos of text, which Brainbox Henderson says is a lot. Now everyone else can have a go at coping with all the problems that beset me over an entire year of my life.

This is a multiple choice illustrated text game for family entertainment and is a change from Level 9's adventure games.

The game is produced by Mosaic Publishing and trade customers should contact WHS Distributors.

The massive starship, Snowball 9, is carrying 2 million hibernating colonists to Eden, fertile planet in the Eridani starsystem, in this SF game with thousands of locations. The Snowball has been hijacked and is heading into the sun in the first of our "Silicon Dream" trilogy.

You'll meet Waldroids, Nightingales and other strange robots in this massive science fiction adventure. But the most baffling puzzle, according to many players, is how to use the control room computer.

"I was impressed by the scope, over 7000 locations, the quality of the location descriptions, and the addictiveness. A great many of the Adventures I've played were forgotten as soon as the machine was switched off, this one kept me awake for nights!" - Software Today

"The problems I've encountered so far are typical Level 9 - diverse and cunning! The puns are just as amusing and the plot is one of the best. There's nothing I can say about Return to Eden that hasn't been said about other Level 9 classics, so go out and buy it. It's s another winner from the Austins." - Micro Adventurer

The Worm In Paradise is Level 9's view of a future state where easy entertainment is found in the amusement arcades and clubs of Eden. Everything is privatised, even the police force, but something has gone wrong and you must beat the system and find the ultimate answer.
