

THE WACCI LENDING LIBRARY

BOOK LIBRARIAN:

48 FIELD ROAD
RAMSEY
HUNTINGDON
CAMBS
PE17 1JP

THE BOOK LIBRARY RULES

1. The books in the library are available to WACCI subscribers only. The service will not be run for profit. It is run to benefit members.
2. The maximum loan period will be 4 weeks.
3. Members are expected to treat the books in their possession with

great care and to return them at the end of the loan period in the same condition as they are received in.

4. There will be no hire charge as such. Members wishing to borrow books should send stamps, a cheque or a postal order to cover the postage costs.

**** Cheques payable to WACCI please ****

5. Books will be sent out in a jiffy bag along with a self addressed return envelope. When you have finished with the book, place it in the jiffy bag and then place the jiffy bag in the envelope provided. Stick the appropriate postage on the envelope and send it back. (The postage 'hire' cost is listed along side the titles available.)

6. Should a book not be available when

a member requests it we will notify them of this fact, and advise them how long the wait will be.

7. Should any book prove to be tremendously popular, then the loan period for that book will be reduced to two weeks, to avoid any member waiting too long. We will also try to obtain additional copies of the book to alleviate any delays.

8. If anyone has any books they feel would be of use to the library, please send them to Steve Lee or bring it along to one of the 'All Format Computer Fairs'. You can either donate a book to the club, or you can loan it to the club (in which case you retain ownership.) Please tell us which when you send the books.

**** Cheques payable to WACCI please ****

MAGAZINE CORNER

Also, I have a number of copies of Amstrad Computer User ('87-'89) and CMTA ('87-'88), kindly donated by Phil Morley. (Remember him?) Should anyone be looking for a specific copy to borrow I might be able to help. Feel free to write or ring.
Steve.
