

Now you can join G. Force in their latest adventure to defeat their arch enemy Zoltar in the "Battle of the Planets" featuring superb 3D vector graphics which have to be seen to be believed.

"Battle of the Planets" is the space adventure selected for the "National Computer Games Championship". If you record a high score send your score and code to Mikro-Gen and you may qualify for a place in the next annual "National Computer Games Championship". The latest highest score will be announced on the following telephone number: **0344 56447**

## LOADING INSTRUCTIONS

To load press Control/Enter key.

After loading, the theme tune will play, you will be presented with a menu screen with several options.

If you are using the keyboard, the controls are:

Q = up

A = down

P = right

O = left

Space bar operates lasers

Z operates neutron torpedo

Ø to increase speed

9 reduce speed

1 to 5 status instruction

If you have selected joystick control, the joystick will replace the directional movement and laser fire.

All other keys remain the same.

On 664 and 128 enter Bar (!) Tape before control/enter.
