WELCOME TO LEGENDARY TIMES OF ROBIN HOOD The Sheriff of Nottingham has kidnapped Maid Marian and locked her in the East Tower. He will only release her when the outlaw Robin Hood surrenders to him. Gallantly, Robin sets out through Sherwood forest to Nottingham Castle to free his love, oblivious to the inevitable dangers that lie before him. Once he has crossed the moat and entered the castle the game begins, he must fight his way past the guards and mediaeval animals protecting the castle. Only by fast reflexes and accurate manoeuvring do you stand a chance of rescuing Maid Marian.

Right	runs right	X
Up	jumps or climbs up ladders	J
Down	ducks or climbs down ladders	\
Fire	shoots an arrow	SPACE

You will need skill and quick reflexes to survive in the dangerous castle complex. Watch out for the guards who shoot bolts at you with their crossbows, you can duck or jump to avoid them, or even run away. If you get hit you will lose vital HEALTH points. These start at 99 and if they fall below 00 you are a dead man! There are tablets lying around which will increase your HEALTH points if you can get them.

You must collect all the hearts around the castle and then go to the East Tower to save Maid Marian. However, to make progress through the castle you have to get the keys needed to operate the mechanical mediaeval lifts which elevate you to different sections of the castle.

SUPER ROBIN HOOD – AMSTRAD

BIENVENIDO A LA LEGENDARIA EPOCA DE ROBIN HOOD

El Sheriff de Nottingham tiene secuestrada a tu amada Maria, encerrandola en la Torre. Solo la liberara en caso de que Robin Hood se entreeque prisionero. Con su habitual galanteria, Robin se dirige hacia el castillo de Nottingham atravesando el bosque de Sherwood para rescatar a su amor, sin importale los peligros que pueda encontrar. El juego comienza una vez que has entrado en el castillo, tras atravesar el foso, debiendo recorrer un camino plagado de defensores y animales peligrosos que trataran de protegerlo. Solo gracias a tus agiles reflejos y acertadas maniobras podras tener alguna oportunidad de rescatar a tu amada.

Necesitaras de toda tu habilidad y rapidos reflejos para sobrevivir on octo poligrose castillo. Vigila a los defensores, que te dispararan proyectiles con sus arcos, pudiendo agcharte o saltar para esquivarlos, o incluso correr. Cada vez que te alcancen perderas puntos en el marcador 'Helath' (salud), que van desde 99 hasta 0, en cuyo caso habras perecido. Durante el recorrido te encontraras con tabletas que aumentaran tu vitalidad (si consigues alcanzarlas).

Debes recoger los corazones repartidos por el castillo, dirigiendote luego hacia la Torre, para salvar a Maria. Sin embargo, para poder atravesar el castillo, debes encontrar las llaves que hacen funcionar los ascensores medievales, que te llevaran de una seccion a otra del castillo.
