

STORY

Jax
is
back!

JAX was with his family on vacation. He got distracted watching some birds and lost sight of his family. Now he is alone and far from home. Help JAX to return home with his beloved family. To do this you must go through the 19 levels and collect all the bones you find to feed and survive in your adventure, all while avoiding the great dangers and enemies you will find along the way.

MISSION

You must guide JAX back home with his beloved family. To do this you must go through the 19 levels and go collecting all the bones you find to feed and survive in your adventure, all while avoiding the great dangers and enemies you will find along the way.
